

Madison Inferno Volleyball Club Coach Profile: Jaime Vareka

2018 Big 8 Conference Boys High School Coach of the Year

Coaching Experience:

I started coaching for Madison Elite for the first 7 years of their program. At Madison Elite I have coached 15's and 16's girls as well as assisted with other age groups during clinics and camps. I was then promoted to the Assistant Director for the Boy's program at Madison Elite.

I was a girls' Varsity coach at Oregon High School for a year. From there I moved to coach boys at Madison West High School. I completed my CAP (Coach Accreditation Program) Level 1 and CAP Level 2 class. I have also coached for USA High Performance for the past 7 years.

In 2020 I was asked to coach at High Performance Championship with the boys select age group. 2019-2020 would have been the third year I have attended High Performance Champions as a USAV coach. I have also been asked to work at the USA National Men's Team Tryout - the first in one in the country.

In 2018 I took over the Madison West High School Men's Program and was named Big 8 Coach of the Year. I was the first female to earn this award in conference history.

In 2019 I was the head coach of a national boys volleyball team for Sting and started the Madison United Sting program with Cooper.

I am the Assistant Coach for the new Men's Volleyball team at Edgewood College.

About Me:

I am an Advanced Behavior Treatment Therapist at Wisconsin Early Autism Project (WEAP). I have been with the company for the last eight years; currently I work at their licensed autism treatment center.

I graduated from UW Madison in 2014 with a BS in Psychology and I am currently working on getting my masters in Applied Behavioral Analysis through Ball State University. I will be graduating with my master's in December 2020.

My goal is to earn my BCBA and further advance my career in behavioral therapy.

Then possibly go back to school for my masters in sports management / counseling.

I'm so excited to be a club owner for Madison Inferno. I look forward to coaching a national boy's program as this has been a huge dream of mine. I am so excited for what the year will bring.

Coach Jaime leading USA Volleyball's Boys High Performance Tryouts in St Louis (2019)
