Coach Profile: Katlynn Wirag

Coaching Philosophy:

My coaching philosophy would be that every day is about growth. As an individual, as an athlete and as a team. There will be good days and bad days, but your success will be defined by the amount of work you put in every single day to be better than the day before. This sport has taught me so much about being a better person, not only for myself but for my teammates in all aspects of life. I wish to give back the knowledge I've gained from my coaches to share my love for the game. I strive to create a positive environment for all athletes where they can grow, trust and build towards their goals on and off the court.

About Me:

I'm a proud manager of the Anytime Fitness in Sun Prairie. I love that my passion for coaching and personal growth can be shared with my members and clients every day at work. Outside of work and coaching, you can find me playing competitive grass, sand and indoor volleyball around Wisconsin. Other activities I enjoy include rollerblading, painting and spending time on the lake with my family.

Favorite Volleyball Moment:

My favorite moment as a player was winning our second national title in 2014. I remember serving the ball in our 5th set, the score was 14-13. My teammate went to cover a tip and as she dove to the floor, she trusted her gut and the ball landed inches out of bounds. The excitement from our teammates running from the side lines, our support systems in the stand cheering, tears of joy from every person laying in a dog pile in the center of the court. Our resilience and determination gifted us more than any trophy could that day. I knew in this moment I wanted to coach, to create opportunities for that same feeling for young athletes.
