

Madison Inferno Volleyball Club

Coach Profile: Brandon Sandberg

About Me:

Volleyball has been a large part of my life for 13 years. I went to UW-Stevens Point for Strength and Conditioning where I also played for and ran the College Club Team. After college, I was the Strength Coach for Milwaukee Sting Program where I was in charge of the boy's program workout routine and all summer workout sessions. My goal is to spread the passion and joy that volleyball has given me to others. This sport has given me lifelong friends, career opportunities, and has helped fulfill some of my dreams. I hope that I can open the door for others to have the same.

Coaching Experience:

- Assistant Coach for the DIII UWSP Women's Volleyball Program (4 Years)
- Head Coach for the JV2 Brookfield Central High School Boys Volleyball Program
- Milwaukee Sting Boys Program Strength Coach
- Stevens Point Power 18's Girls Head Coach (1 year)

Coach Brandon up high for the block

Coaching Philosophy:

As a Strength Coach, I understand that everyone's body has its strengths and weaknesses. As a Volleyball Coach I adopt that same philosophy. Every player has a unique style of play and set of skills they bring to the team. If a player does not know what their style or skill set is, it is my responsibility to help them find that and not shape them into something they are not or don't enjoy.

Volleyball Playing Experience:

- Green Bay Preble High School
 - 3 years Varsity Starting Setter
 - All Conference Honorable Mention
- Green Bay Power Boy's Program (4 years)
- UW Stevens Point
 - 4 Years Starting Setter / 1 Year Starting OH
 - 1st Team All-Conference
 - Awarded Most Blocks and Assists per set in the conference
 - MVP my last year

Starting Setter for UW Stevens Point

Favorite Volleyball Moment:

Getting 3 blocks in a row on the other team's best outside hitter to win the match in the last set to move into the gold bracket of the National Championship. This was my last year playing and the first time in school history making it to the tournament. We ended up finishing 9th overall.
